G920:- TWO DOOR GLASS DOOR SERIES

Specification

- **Shelves:** 8 height adjustable, PVC coated, shelves per door. 4 stainless steel shelf clips per shelf fit to stainless steel shelf posts.
- **Lighting:** Florescent 36watt 1200mm tubes recessed into the inner walls provide high visibility lights. With low replacement cost.
- **Refrigeration System:** Fully balanced self contained condensing unit with forced draught evaporator and condenser.
- **Refrigerant:** R134A.
- **Defrost:** Cyclic defrost, with no-cost, hot gas condensate disposal. Supplemented with timed defrosts via electronic controller.
- **Electronic Controller:** Italian designed and Manufactured, Dixell temperature controller.
- **Evaporator:** Epoxy coated to minimize the potential of corrosion and thus future gas leaks.
- **Operation conditions:** 0° to 5° C. at up to 40° C ambient.
- **Electrical:** Units come ready for connection to 240volt 50hz 10amp GPO. Single Outlet. It is recommended that a dedicated GPO be used.
- **Construction:** Corrosion resistant Pre-painted steel interior and exterior
- **Insulation:** 50mm high density polyurethane foamed in place, Blowing agent, Cyclopentane for CFC free Ozone protection and superior insulating properties. .
- **Door:** Low E double glazed thermal insulated toughened glass. Constructed with aluminium frame and fitted with locks.
- **Hinging:** Self closing torsion spring.
- **Gasket:** PVC welded one piece magnetic gasket. Removable without the need for tools.
- **Castors:** 4 (2 x locking) x 75mm swivel commercial castors.
- **Model Features:** Digital Temperature readout.
Warranty¹: Austwide's Manufacturers warranty 12 month parts and labour. See terms and conditions of sale for full description.
- **Optional Extras:**
 - Additional Shelves.
 - Livery to sides and illuminated sign.
- **Outstanding Benefits**
- **Condensing unit:** Bottom mounted

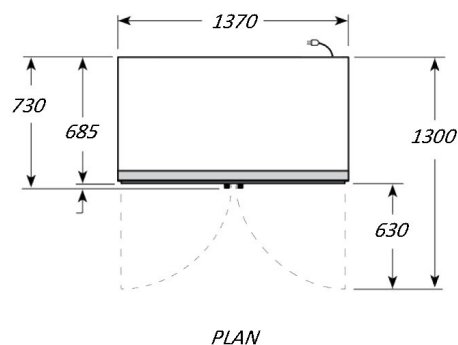

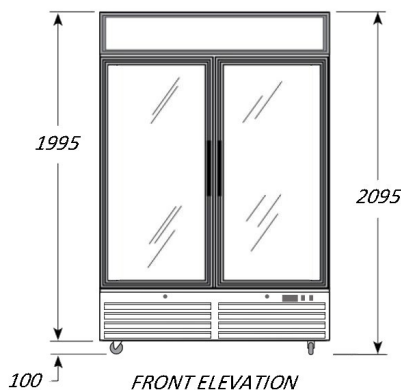

placing the unit in the coolest position, close to the floor, which puts less strain on the refrigeration system providing longer life and greater efficiency.

- **Optimal product placement:** The G920 lifts the product off the floor, placing it in the optimal position for your customers to easily reach in and retrieve without the need to stoop down excessively.

- **Energy Saving features:** LED lighting to interior. Individual light switches for illuminated sign and interior.

ELEVATIONS. (not to scale)
